

IN CONJUNCTION WITH  
THE 7TH INTERNATIONAL CONFERENCE ON NUCLEAR ANALYTICAL TECHNIQUES AND  
20TH JAPAN-KOREA MEETING ON NEUTRON SCIENCE

# INTERNATIONAL HANARO SYMPOSIUM 2025

September 10~12, 2025

Daejeon Convention Center (DCC), Daejeon, Korea

## International HANARO Symposium 2025

The HANARO Symposium has been held annually since 2000 for the promotion of utilization of the HANARO research reactor and has been convened every 5 years as an international symposium.

The 2025 International HANARO Symposium will be jointly hosted with the 7th International Conference on Nuclear Analytical Techniques and the 20th Japan-Korea Meeting on Neutron Science. These events will take place at the Daejeon Convention Center (DCC) in Korea from 10 to 12 September of 2025.

## Important Dates

Abstract Submission Deadline

**July 25, 2025**

Notification of Abstract Acceptance

**August 12, 2025**

Pre-Registration Deadline

**August 29, 2025**

## Topics

Welcome anyone who is interested in research reactors, neutron sources, and their applications. Prospective authors are invited to submit abstracts for oral or poster presentations in all of the following area:

01. Neutron Beam Applications: NB
02. Radioisotopes: RI
03. Neutron Activation Analysis: NAA (7th NAT)
04. Irradiation Tests: IR
05. Research Reactor Technology: RR
